

Features

2 stereo satellites with amplifier, assures a total sound power of 20 W

Dedicated buttons for bass control and volume placed conveniently on the subwoofer

BT wireless technology. Wireless music streaming due to BT technology

Music streaming with the help of BT technology, USB port, AUX, radio FM

Easy install: plug & play

Product function

1. Radio FM
2. Bluetooth – replays wireless music from Bluetooth devices
3. Supports USB memories
4. Port AUX-in

Technical details:

Power output: 20W (10W+5W*2)

Speaker size: 4" (subwoofer)/ 2.5" (each satellite)

S/Z rapport: >65Db

Frequency: 220Hz-18KHz (satellites), 55Hz-220Hz (subwoofer)

Range: 10m

Power supply: AC220V 50Hz

Distortion: 0.3% 1W 1KHz

Volume control, bass

Dimensions: 190x140x190 mm (subwoofer)

90x90x150mm (satellite speaker x 2)

Package contents

Subwoofer and 2 satellites

User manual

Bluetooth function instructions

1. First of all, change entry signal to "Bluetooth"
2. Second of all, switch the phone or any other equipment with Bluetooth functions to Bluetooth mode, then scan the equipment called "SPSK-21BT-LONDON" and connect to it.
3. When replaying music through Bluetooth, you can control the last track from the phone via the button on the panel: play/pause/next track.
4. When receiving a phone call while playing music from the phone via Bluetooth, the Bluetooth signal will switch to "mute" mode for the entire duration of the call.
5. When switching to another mobile phone for playing music via Bluetooth, press the Play/Pause button for 2 seconds then disconnect from the previous phone. Memorize that last connected equipment.

1. INPUT

Pressing the INPUT key, you can switch input options between AUX/ BLUETOOTH/FM.

2. Next/FM+
